

envis^o trade

WORKING WITH RESELLERS TODAY

Difficult to quickly connect with new resellers and manage their performance

Expensive, multiple integrations to connect digital resellers

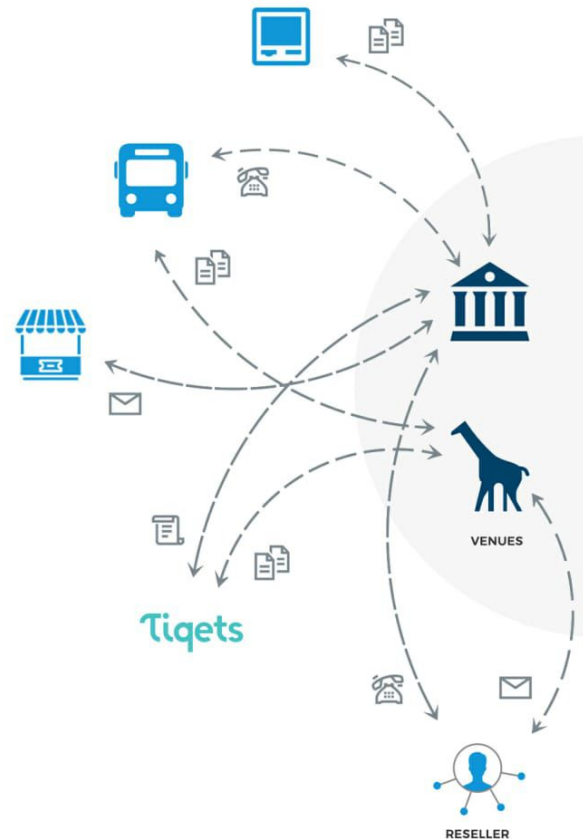

Lengthy, manual processes to establish new partnerships

Difficult to control how many tickets are resold by whom

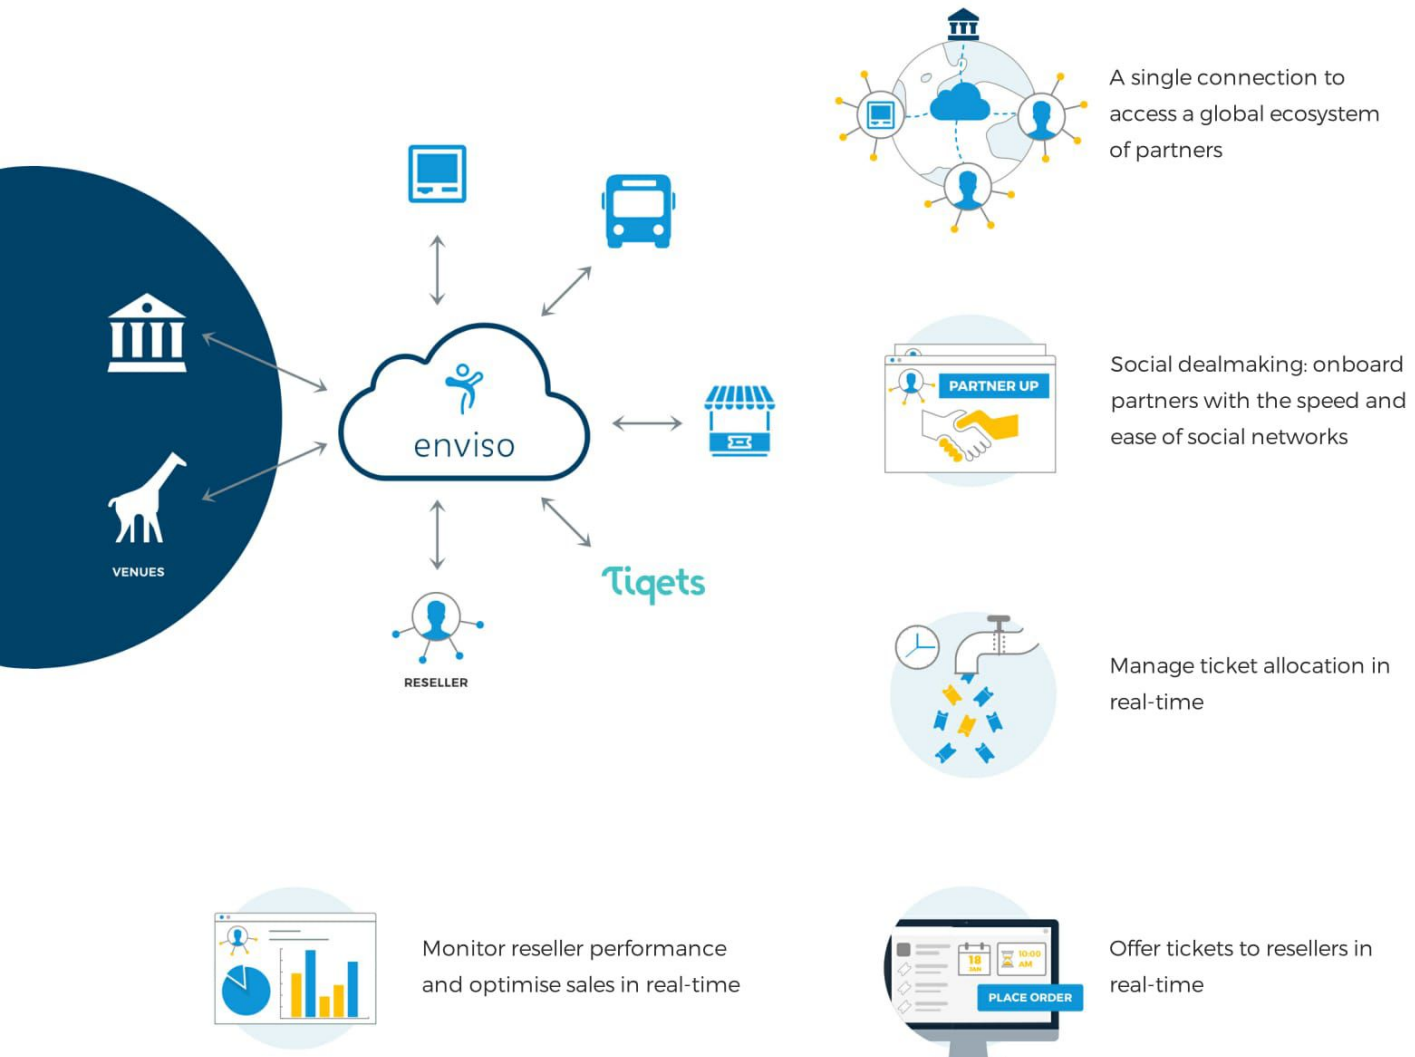

Share large volumes of ticket barcodes with traditional resellers

Lack real-time insight on reseller performance

WORKING WITH RESELLERS TOMORROW

A single cloud connection to many resellers,
close deals quickly and **boost sales**

WHY ENVIISO TRADE

RECREATEX INTEGRATED FEATURES
